Town Hall**

1. CALL TO ORDER

The meeting is called to order at 7:03 p.m.

This meeting is called by the Mayor to review and approve the Active NL Application for a Community Garden.

It was noted that Brian Eason has put a lot of work in designing a community garden, compiling material and price lists. The Clerk noted that Brian and his partner, Dana Spurrell, were in the office today, and they have great ideas for future projects (eg. re-paving the basketball court in the playground for basketball and pickleball, as well as a walking trail around the playground). They also noted that there is a short walking trail by Rocky River that Council could possibly look at clearing and expanding upon.

Motion #2025-20: Loretta Nash; Gerard Linehan

Council approves the submission of the Active NL application for \$9,969.54 for a community garden, as submitted by the Town Clerk.

All in Favor; None opposed
